

Good fairies in the picture

PRECIOUS MEMORIES – The Filing Fairies can get your photographs in order.

APART from other people, the first things people want to grab and save in a fire emergency are their pets and their photographs.

Many people fail to prepare for an emergency such as a bushfire, house fire or flood.

The Filing Fairies are Sydney-based photo organisers who want to help people protect their precious memories.

They are members of a growing industry of professional organisers who can help get your photographs and files in order, saved and backed up.

Professional organisers perform a variety of tasks, from sorting your paperwork to clearing out your junk room.

As photo organisers, The Filing Fairies aim to organise your photos, prints, negatives, slides and digital images so you can use and enjoy them.

The Filing Fairies are members of the Association of Personal Photo Organisers and the Australasian Association of Professional Organisers. They service most parts of Sydney and the Illawarra.
